

CAROLINA TRACE BOAT REGISTRATION

The Lake Trace Boating Safety Committee, in support of the effort to improve and maintain the fragile eco-system of Lake Trace and provide guidelines for policies that impact the Lake, has established the Carolina Trace Boat Registry.

The benefits of a Carolina Trace Boat Registry are:

1. Boat registry facilitates communication of boating and lake related issues to all boat owners on Lake Trace. (Please include your email address and telephone number on the boat registration form.)
2. It assists the JLC in identifying the operation of unauthorized boats on Lake Trace by persons who are not property owners or authorized guests.
3. It deters access by unauthorized persons to properties and vandalism in Carolina Trace.
4. Recording of manufacturer's hull and motor identification numbers assists CT Security and/or law enforcement in recovery of reported stolen or vandalized boats from docks and properties in Carolina Trace. (Manufacturer's hull identification numbers have been required on boats manufactured since 1972, and are usually permanently stamped or affixed to starboard outboard side of the hull aft. Hull identification numbers for homemade vessels can be obtained by contacting the NC Wildlife Resources Commission office at Tel: 1-800-628-3773.)

Boats with gasoline engines are not permitted on Lake Trace. Any boat observed with a gasoline engine attached will be subject to the penalties stated in the CTA Enforcement and Adjudication Policy for Traffic, Littering, Noise and Gasoline Boat Engine Violations approved by the CTA Board of Directors on October 1, 2007.

The North Carolina Wildlife Resources Commission enforcement officer for Lee County has advised that all powered boats operated on public waters in the state are required to have a valid NC boat registration number. However, they presently do not enforce NC boat registration for boats that are operated only on Lake Trace.

Boat owners are encouraged to have their boats insured, particularly liability insurance.

----- Cut here & submit to your POA marina/boat contact listed below -----

CAROLINA TRACE BOAT REGISTRATION (Please register all boats regardless of size.)

Owner name: _____ Address: _____

POA: _____ Telephone: _____ Email: _____

Boat Make: _____ Boat Model: _____
